

## architecture of the sacred

Sun, 06 Jan 2019 20:18:00 GMT architecture of the sacred pdf - The sacred place was, and still is, an intermediate zone created in the belief that it has the ability to co-join the religious aspirants to their gods. An essential means of understanding this sacred architecture is through the recognition of its role as an "in-between" place.

1535-9387 Sacred Architecture - a. The sacred space In the ancient Greek temple of a peristyle type the outer surface is most important. Early Christian architecture reverses the peristyle temple, turns it inside out, concentrates on the inside: the basilica type. The main goal is to create the atmosphere of mystery and immateriality, the sacred space.
